

The Parable of the Ten Virgins

Craft instructions

Needed:

- Door template (download from the website)
- Colouring picture of the ten virgins and Bible text templates (download from the website)
- Cardstock (multiple colours)
- Colouring pencils/felts/crayons
- Scissors
- Glue

Instructions:

- Colour the ten virgins, and cut them out.
- Cut the door, and cut out all the windows.
- Glue the wise virgins on the left side of your paper, behind the door. You will have to overlap, but try to make sure that you can see the faces, lamps, and jugs of the virgins once you glue the door on. Especially younger children will need some help with this.
- Glue the door on the virgins. The virgins went inside with the bridegroom.
- Cut the text: *And they that were ready went in with him to the marriage: and the door was shut.* Glue this text in the window of the door.
- Cut the text: *Five virgins were wise,* and glue it above the door.
- Glue the foolish virgins on the right side of your page. They are outside.
- The foolish virgins knock on the door, and say: *Lord, Lord, open to us.* Cut this text, and glue the talking bubble by the foolish virgins.
- Cut the talking bubble with *Verily I say unto you, I know you not.* Glue this by the door. This is the answer of the bridegroom.
- Cut the text: *Five virgins were foolish,* and glue that on the top of your paper, above the foolish virgins.
